

Valicare – a GMP Service Supplier

Planning, implementation & execution from one source

Valicare, a member of the Syntegon Group and headquartered in Frankfurt on the Main, offers Good Manufacturing Practice (GMP) compliance services for the pharmaceutical, biotechnology and medical device manufacturing industry.

Headquartered in Frankfurt on the Main since 2002 and ISO 9001 certified since 2011.

Together with its subsidiary in Trenčianska Turná, in Slovakia, more than 100 engineers and natural scientists work as GMP consultants and validation specialists in projects worldwide.

With over 2.000 GMP projects since founding, Valicare is experienced with management and execution of a wide scope of GMP tasks.

Our Competence:

- 20 successful years in the GMP compliance business
- Lead consultants always up to date with GMP guidelines such as EU, PIC/S, FDA or WHO
- Multidisciplinary engineers with technical expertise
- Natural scientists with process expertise
- High quality and efficiency in project planning, management, and execution

Our experts support you with:

- Gap or compliance analyses
- Basic and advanced GMP trainings
- Classical consultancy and problem solving
- Execution services in risk-based qualification
- All types of validation (process, cleaning, methods, IT-systems) all kind of GMP documentation

Your Benefits:

- Experienced senior GMP consultants for whom regulations are not just theory
- Certified auditors who know what is important during inspections
- Unbiased, external view for GMP compliance
- Meet requirements and time line
- Reduced time to market
